

## DESCRIPTION OF ACTIVITIES

**Activity 1.** Survey group: Equity and quality on education. A questionnaire to evaluate the process of inclusion, to make an actual state analysis about inclusion in each partner country and to learn from each others good examples and practices.

**Result:** Recommendations and conclusions.

**Period:** September-November 2016.

**Activity 2.** Study of legislation, publications and good practices on school inclusion in every partner situation and in every country. Focus on synergy between policy and practice.

**Result:** PowerPoint presentations on best practices in each partnerschool.

**Period:** December 2016 - January 2017

**Activity 3.** Exchanging good practice of inclusion. Warm-up activities, communicative and getting to know each other activities on different topics to help students to be included in the classroom.

**Result:** a collection of materials, worksheets and activities, evaluation of the activities.

**Period:** March-June 2017

**Activity 4.** Evaluation, feedback and dissemination session of the results and outcomes of the first year of the project outside the school

**Period:** July-September 2017

**Activity 5.** Teachers cooperating and involving volunteers and youth organizations. Finding out the ways how to stimulate inclusion by the help of volunteers and organizations outside the school. Non formal activities for students will be organized by volunteers from organizations outside the school. Topic is cultural diversity, conflict management and communication (migrants, refugees).

**Result:** a collection of materials, workssheets and activities will be printed out and published on school web sites, eTwinning and Facebook.

**Period:** November 2017-February 2018

New Angles of good practices  
on Inclusion for all Students

Project Nr. 2016-1-LV01-KA216-022646

**Activity 6.** Activities for students at partnerschools to implement and evaluate the materials produced during the joint staff trainings. Questionnaires to test students' interests, learning styles and attitudes

**Result:** career start up potfolio.

**Period:** April-May 2018

**Activity 7.** Evaluation, feedback and dissemination session of the results and outcomes of the second year of the project outside the school.

**Results:** Articles, newsletters and leaflets will be published on school web sites, eTwinning and Facebook. Every school will organise dissemination event at their schools and invite other schools to participate.

**Period:** June-August 2018

**Activity 8.** On-going communication between project teams of each school. Each partner school has his coordinator who will communicate on behalf of his institution with the Project Team. Communication of the Project Team will be a mix of emails, telephone, Skype calls and face to face transnational meetings in accordance with the Project programme.

**Activity 9.** Evaluation, dissemination and reflection at the institutions over the entire Project period. The project outcomes and results will be disseminated to all teachers of participating organizations on regular base after each activity or meeting. The project coordinator of each partnerschool will be responsible for internal dissemination.
